PORK PICKIN'S

Appomattox Pork Producers

The Pork Industry is facing still another shortage which may effect production. First we were faced with diminishing fuel supplies, then fertilizers and now di calcium phosphate - an important feed ingredient. The entire livestock industry will be in serious trouble within 6 months if the shortage of phosphorus sources for feed is not corrected, according to John Chambers - pork producers who heads an emergency committee on the problem for the Illinois Pork Producers Association.

The disturbing thing about the dical shortage, the energy crisis, last summer's meat shortage and others, is that they are all primarily the result of government interference. And what do our leaders in the Congress propose as a solution to the problems caused by government meddling - more of the same.

It's as though someone was badly ill as a result of a small dose of poison and the proposed cure was to give him another dose.

The National Hog Farmer survey of tested boards showed that of all breeds the Duroc and Hampshire boars tested best. The calculations were made from 4,731 boars tested at central testing stations.

Duroc boars were the most efficient, Hampshire boars had the least backfat, and both breeds ranked at the top in average daily gain.

One important point I found in the test data was that in the area of loin eye - all breeds except Landrace and Spots showed a decrease over the 1972 figures.

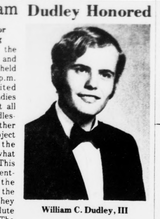
Dudley Honored



William C. Dudley, III

William C. Dudley, III, son of Mr. and Mrs. W. C. Dudley, Jr., of Pamplin, was inducted into Phi Delta Kappa, an International professional education fraternity, on February 28, at Virginia Polytechnic Institute and State University. Membership is given to leaders in the field of education and to graduate students expected to become leaders in the field of education.

Dudley, a 1969 graduate of Appomattox High School and a 1973 graduate of Virginia Teeh in Agricultural Education, will receive a Masters degree in Vocational and Technical Education in June.

Bill is presently a graduate assistant in Agricultural Education. His wife, the former Linda Martin and daughter of Mr. and Mrs. J. D. Martin, Jr., of Route 4, Appomattox, is also a student at Virginia Teeh and she is majoring in Elementary Education.

The Dudleys, including their three-year old son, "Will," are moving to a new location in June when Bill begins his career as high school teacher in agriculture.

Pre-Season Trout Stocking Under Way

Nearly one-half million trout are being stocked in Virginia waters in preparation for the opening of trout season at noon on April 6, 1974, according to Jack Hoffman, Chief of the Game Commission's Fish Division. Also being stocked are the Pay As-You Go areas at Douthat lake and Clinch Mountain.

These waters are stocked with trout in quantities based on the fishing pressure applied by participating anglers. 'An additional 29,000 brook, rainbow, and brown trout will be released during the re-stocking operations planned for May," Hoffman said.

Veterans Administration News

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q - The Veterans Administration started paying me $220 monthly under its dependents' educational assistance program while I was single. Now that I'm married, will my benefits be increased?

A - No. The law does not provide for additional assistance because of dependents of participants in this program.

Q - I'm a 73 year old veteran drawing pension from the Veterans Administration. Is it true, as I have heard, that I don't have to submit an annual income questionnaire?

A - Yes, that is correct. Veterans 72 years old and older who have been on the agency's pension rolls during two consecutive years are exempt from filing the questionnaire. They are required to notify VA if the value of th eir estate or annual income changes, however.

Q - I'm a Vietnam era veteran. My employer is willing to set up an on-the-job training program for me. How does my employer go about getting approval so I can draw GI Bill benefits during training?

A - Both you and your employer should contact the nearest VA office for complete information and assistance.

Game Law Hearing To Be Held

The Commission of Game and Inland Fisheries will hold its annual Game and Fish law public hearing in Richmond on Friday, March 15, 1974, reminds Executive Director Chester F. Phelps. The meeting will begin at 9:30 a.m., in the Commission Conference Room, 4010 West Broad Street. Individuals or groups will be granted time to make recommendations or suggest changes in hunting and fishing seasons, limits and regulations. Those not able to attend in person may present their views in writing prior to the meeting date.

The Commission will draft proposals for changes in the fall hunting seasons and in fishing regulations for the coming fiscal year at this meeting.

Nationwide can pay your rent when you can't

If Sickness or injury left you disabled and out of work, who would pay your rent? How would you keep up your mortgage payments? Nationwide's Mortgage Protector Plan can provide the cash that you will need to meet your mortgage payments if you lose your earning power. Here's how it works:

1. You choose the amount you need each month when you take out the policy.
2. You pick the length of time you want to be paid—5, 10, 15, 20, 25, or 30 years.
3. Your benefits from Nationwide begin 30 days after you have become disabled — and every month thereafter up to the end of the benefit period selected as long as you are disabled.
